*"U" models include a height adjustable stand, "UA" models include the BenQ AS-10 Ergo Arm

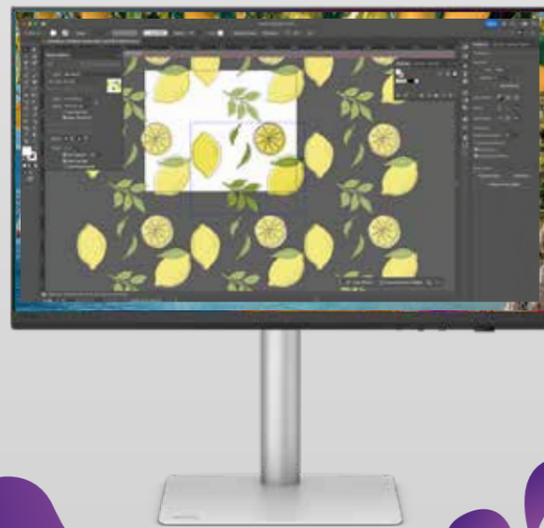

PD2730S 27" 5K Designer Monitor

Pixel Precision to Make Inspirations Come Alive

The PD2730S guarantees consistent colour accuracy across displays, minimising miscommunication with 3D modelers, animators, directors, and clients. It provides creators a reliable foundation to produce authentic designs and refine every detail with confidence.

- 2000:1 High Contrast Ratio
- 400nits brightness & HDR400
- Thunderbolt 4 with 90W power delivery
- Daisy Chain up to two 5K monitors
- Wireless Hotkey Puck
- Pantone® Validated & Calman Verified

PD3226G 32" 4K 144Hz Designer Monitor

144Hz Refresh Rate for Accurate Motion Clarity

The PD3226G is the world's first 4k 144Hz professional monitor. The 144hz refresh rate enhances motion clarity, delivering ultra-smooth, accurate visuals essential for designers, illustrators, game developers, and content creators.

- 400nits brightness & HDR400
- Compatible with high-refresh-rate drawing tablets and iPads
- Thunderbolt 4 with 90W power delivery
- Daisy Chain up to two 4K 144Hz monitors
- Wireless Hotkey Puck
- Pantone® Validated & Calman Verified

AQColor

BenQ AQCOLOR ensures 'Accurate Reproduction,' delivering out-of-the-box colour precision with Delta E ≤ 2, 98% P3 wide colour coverage, corner-to-corner uniformity, and a factory calibration report. All features are rigorously tested for consistency, providing designers with unparalleled precision and total colour confidence.

Palette Master Ultimate

Calibrate your monitor effortlessly with BenQ's exclusive and free calibration software, Palette Master Ultimate. Follow visual menus and clear prompts for software calibration that meets international standards.

Display ColorTalk

Display ColorTalk software makes it easy to sync colours across monitors with just a few clicks. Save time and effort, focus on your creativity.

Display Pilot 2

The free BenQ software Display Pilot 2 gives you control over your display, allowing you to organise functions such as ICCsync, Colour Modes, and Desktop Partition, enhancing convenience and flexibility in your design tasks.

Hotkey Puck G3

BenQ Hotkey Puck simplifies monitor control with Display Pilot 2 sync, allowing you to directly configure shortcut functions. It offers three customisable keys for quick access to Colour Mode, Input, DualView, KVM, or app launches. The rotation dial provides precise control over brightness, contrast, and volume - no menus needed. Ideal for creatives, helping you stay focused without interruptions.
